Higher-Resolution Sex Offender Screening You Can Trust

**PRODUCT:**

Nationwide Sex Offender Search

SCOPE:

All 50 states, D.C., Native American tribes, and all U.S. territories and possessions.

UNIQUE VALUE:

Facial recognition, image archiving, and bi-weekly updates for unparalleled protection.

Proactive Protection

Cleara actively updates sex offender results on a bi-weekly basis (where available) to catch changes and additions to status as soon as possible.

Always Accurate

Cleara uses flexible matching algorithms across multiple metrics—like address history and facial recognition—to weed out false negatives and uncover attempts to evade detection.

Super-charged results with facial recognition.

Cleara leads the industry in facial recognition technology solutions for more dependable screening and identity verification.

Cleara's Nationwide Sex Offender Search

leverages its breadth of sources and depth of expertise to ensure offenders never fall through the cracks. Cleara mines millions of sources across all 50 states, Native American tribes, and U.S. possessions, tracing address histories, image data, and other identifying metrics to ensure no stone is left unturned. When paired with bi-weekly updating, Cleara's Nationwide Sex Offender solution delivers unrelenting, proactive results you can rely on.
